Dear Ju-Jitsukas,

The Ju-Jitsu International Federation has been a strong supporter of the development of the World Martial Arts Masterships (WoMAM) since the beginning of the planning stage in 2013. As the ju-jitsu population grows at a fast pace worldwide, I am delighted that the gentle art will be officially featured as one of 13 martial arts in the 2016 Cheongju WoMAM. I hereby extend my sincere invitation to you to come to Korea and participate in the inaugural event.

In addition to participating in the competition, the 2016 WoMAM will provide you with the opportunity to visit Korea. You'll be able to see its beautiful scenery and rich history in person. Chungcheonbuk-do Province is especially rich in martial arts traditions. The WoMAM Organizing Committee and I welcome you to come for the competition, but stay for the wonderful cultural experience.

I hope to see you in Cheongju in September!

Sincerely,

Lee, Si-Jong *Lee Sijong*
