**Proposal to the session 2019:  
Changes of the organization and sporting code; 1.3.5 (Mixed) Team Competitions and  
1.5.2.3 Preventing Misusage (Challenge)**

Dear JJIF board, representatives of the JJNOs,

On behalf of the Deutscher Ju-Jitsu Verband e.V. I would like to propose the following changes of the organization and sporting code, 1 General Information and 1.3.5 (Mixed) Team Competitions:

add:

**1.3.6. Mixed Team competition:**

*A team in the mixed competition contains the individual categories:*

*One Duo team: Men/Women or Mixed*

*Fighting Men -69kg, -85kg and +85kg*

*Women -52kg, -63kg and +63kg*

*Jiu-Jitsu Men -69kg, -85kg and +85kg*

*Women -52kg, -63kg and +63kg*

*The organizer after agreement with the JJIF board might choose different participating categories and disciplines. Those have to be noted in the invitation of the event, otherwise the above-mentioned categories are valid.*

*Additional regulation for the team competition can be found in 1.6 Regulation for team competition*

**Remove 1.3.5.1 Reserves in Team Competitions**

Add 1.6 Regulations for Mixed Team competition

*The rules for the respective disciplines are valid in the team competition. Rules that differ for the team completion are described in the following:*

**1.6.2 Athletes per individual category:**

*Each team shall register up to 2 athletes per category. The athletes can compete in the registered category or one weight category higher in the same discipline.*

*And athlete may be entered in more than one discipline, but not in more than one weight category*

*(Footnote: For example, an athlete can be entered in Fighting -52kg, in Jiu-Jitsu -52kg and in Duo, but not in Fighting -52kg and Fighting -63kg. Even though she will be automatically entered in the 63kg, she cannot go up to +63kg.)*

#### **1.6.1 Weight in regulations**

*If the team competition is held as part of an Int Event with individual competitions athletes that already weight-in for the individual competition shall not weight in again for the team competition.*

*Additional athletes (that did not compete in the individual event) may be entered in the team competition, but shall weight-in at the afternoon/evening before the team competition. Same is true for athletes that competed in a couple discipline (Duo & Show) and are entered in an individual discipline (Fighting & Jiu-Jitsu) in the team.*

#### **1.6.2 Entering of more than one individual category per match**

*One competitor can be entered in all disciplines but only in one weight category per match. (Footnote: For example, an athlete registered in -52kg can compete in Fighting -52kg and Duo but not in Fighting -52 and Fighting -63 in the same match.)*

*The entered categories per match can be different between individual matches.*

*(Footnote: For example an athlete registered in Fighting -52kg can compete in one match Fighting -52kg and in the following match Fighting -63kg.)*

#### **1.6.3 Fight time:**

*The fight time in the discipline Fighting is reduced to 2 minutes. The fight time in the discipline Jiu-Jitsu is reduced to 4 minutes.*

#### **Furthermore, in Section 1.5.2.3 Preventing Misusage (Challenge)**

adding of clarification

*In case of the mixed team competition (Section 1.6) each team will be allowed to have one negative challenge per discipline (Footnote: usually Fighting, Duo and Jiu-Jitsu). The (negative) challenges will be marked on the accreditation card of the head coach and on a form at the referee table. See regulation for the final block applies here too.*

With best regards,

Dr. Claudia Behnke
